

## Press release

Berlin, 5 October 2023

### Dr Constanze Adolf boosts H/Advisors Deekeling Arndt

**Dr Constanze Adolf joins strategic and communications consulting firm H/Advisors Deekeling Arndt, expanding the company's Energy/Climate/Sustainability business area at its Berlin location.**

With more than 20 years of experience in managing international project consortia on European, energy and sustainability policy at the interface between German and EU legislatures, Dr Constanze Adolf advises companies on all aspects of energy, climate and sustainability policy. She lived in Brussels for more than ten years, and has many years of expertise in public affairs at both EU and national levels.

**Olaf Arndt**, Senior Partner at H/Advisors Deekeling Arndt: "In Dr Adolf we are gaining an established climate and energy expert. As Managing Director she will also be a member of our Executive Leadership Team (ELT), and her combination of experience and excellence will enrich the advisory services that we offer our clients."

**Serkan Agci**, Head of Berlin office and Board Member of H/Advisors Deekeling Arndt: "We are very pleased to be able to continue the growth strategy of our Berlin location with the addition of Dr Constanze Adolf. Not only has there been huge growth in demand for consulting at the EU/Berlin interface, but we are also gaining an established expert in climate and energy matters."

**Dr Constanze Adolf**, Managing Director at H/Advisors Deekeling Arndt: "The Green Deal and also the changes in energy and climate policy in Germany show that the process of transformation in the system and in self-awareness is taking hold. The transformations currently facing us far exceed mere technological innovations. We therefore have to anticipate important developments in order to create specific potentials for customised business models that will remain viable into the future. That means bringing economic, energy-policy and climate-policy targets into alignment, which is a core competency of the excellent, experienced team at H/Advisors Deekeling Arndt. I am very pleased to be able to drive these themes forward as part of such an outstanding team."

After completing her doctorate, Constanze Adolf worked in Brussels for more than a decade. Her activities there included serving as Secretary-General of EUFED (European Union Federation of Youth Hostel Associations) and heading Green Budget Europe as Executive Director. In Berlin she joined an energy storage startup as Head of Business Development. Most recently, she was responsible for the new Energy & EU Affairs business area at Christ&Company as Senior Partner.
